

# check50

cs50/problems/2025/x/me

---

:) hello.c exists

Log

```
checking that hello.c exists...
```

:) hello.c compiles

Log

```
running clang hello.c -o hello -std=c11 -ggdb -lm -lcs50...
```

:) responds to name Mario

Log

```
running ./hello...  
sending input Mario...
```

:) responds to name Peach

Log

```
running ./hello...  
sending input Peach...
```

:) responds to name Bowser

Log

```
running ./hello...  
sending input Bowser...
```
